It is officially reported that 400,000 tons of steel rails have been contracted for to be delivered in 1903, principally for Western railroads.

The Spring of this year was the most backward they have had in Germany in sixty-six years. Too wet and too cold, putting vegetation back three weeks. Maybe the weather bureau was out of order.

Lightning seems to have spotted Frank Beehler, of St. Louis. It has hunted him up and hit him three times within a year, but he is still in the field, waiting for more hits. The last one, a few days ago, came pretty near knocking him out.

A considerate Chicago Judge has given permission to place a ping pong set in the jury room, to amuse the jurors who are corralled there. When they get into a tangle over a verdict, instead of flipping coppers or drawing straws they can settle with a little ping pong.

The Pennsylvania Republicans in their convention "pointed with pride to the legislation against trusts framed by John Sherman." But they didn't "point with pride" to the fact that it took them over twelve years to discover that there were any trusts that the Sherman law could hit.

A Washington, Georgia, dispatch tells of the surprise of an amateur photographer who with his kodak took a snap shot of a residence on the suburbs of that town, when he discovered on the edge of the picture a dim likeness of the owner, who died several years ago. The unsophisticated around there may conclude that it is a picture of the old man's ghost, which was still hovering about the premises.

Some quarrymen working near a town in Maryland stove a hole in the botton of the quarry and discovered a cave eighty feet deep, through which flows a stream twelve feet wide and eight feet deep of ice cold water. If they keep on exploring they might discover an ice quarry, and that would be a nice thing for a little town with the mercury gamboling away up near the apex of the thermometer.

## STANDING COMMITTEES OF CONFEDERACY DAUGHTERS.

**Those Appointed for Ensuing Year by Mrs. M. S. Willard, the President—The Governing Board Arranged.**

Mrs. M. S. Willard, president of Cape Fear Chapter, Daughters of the Confederacy, has appointed standing committees for the ensuing year as follows:

History and Relics—Miss Mary F Sanders, Miss Maud Kingsbury, Mrs Maria McLeod, Miss Hannah P Bolles, Mrs Robert Collins.

Museum—Mrs W L DeRosset, Jr., Mrs R W Price, Mrs G W Higgins, Mrs H J Gerken, Miss Clara Woodward.

Membership—Mrs R D Cronly, Miss Anita DeRosset, Miss Anna Savage, Mrs R C Cantwell, Mrs Hal Boatwright.

Memorial—Mrs John T Rankin, Mrs Wm M Parsley, Mrs Junius Davis, Miss Eliza Metts, Mrs John Hedrick, Miss Hettie James, Miss Julia Gore, Miss Louise Bunting.

Entertainment.—Mrs. F L Huggins, Mrs R W Wallace, Mrs Guy Cardwell, Mrs T M Emerson, Mrs H M Emerson, Mrs J H Bunting, Mrs Walter Rutland, Miss Mary Meares, Mrs C C Brown, Miss Mitt Moore, Mrs W G Pulliam, Miss Jeanie Peck, Miss Sue McQueen, Mrs Jos D Smith, Mrs F A Lord, Miss Leonora Cantwell.

The Governing Board of the Chapter consists of the officers and chairmen of committees as follows: Mrs M S Willard, president; Mrs T E Sprunt, vice president; Mrs L L Pritchard, treasurer; Mrs Sarah James, recording secretary; Mrs M L Stover, corresponding secretary; Mrs J T Rankin, chairman memorial committee; Mrs F L Huggins, chairman entertainment committee; Mrs W L DeRosset, chairman museum committee; Miss Mary Sanders, chairman history and relic committee; Mrs R D Cronly, chairman membership committee.

## LOCAL DOTS.

— A meeting of the Executive Committee of the Chamber of Commerce will be held at 1 P. M. to-day.

— Christian Science service, Masonic Temple, room No. 10, to-night at 8:15 o'clock.

— The monthly statement of cotton and naval stores is printed in the commercial columns of to-day's STAR.

— The dog cart will start on its rounds to-day. Canines without badges will be "swooped in" coming and going.

— Jefferson Lodge, K. of P., will have installation of officers to night. Clarendon Lodge postponed its installation from last night.

— The ice man is the only fellow who negatives the conundrum, "Is it hot enough for you?" His cool effrontry is characteristic.

— A telegram from Fort Caswell last night ordered a casket to be shipped to-day for the burial of a soldier, who died at the post yesterday.

— Jeff Davis Council No. 63, Jr. O. U. A. M., will have installation to-night, after which refreshments will be served, to which all Mechanics are invited.

— The STAR was in error yesterday in saying that Rev. J. W. Gurganus was a Baptist minister. He is a Methodist and in charge of the Scott's Hill circuit.

— Examinations for certificates to teach in the public schools of the county will be held July 10th for white applicants and July 11th for colored. See official notice in another column.

— Friends of Mr. and Mrs. Thos. Lossen will sympathize with them in the death of their infant son, which occurred at 8 A. M. yesterday. The funeral will be conducted to-day.

— By a recent order of the Treasury Department the complement of men on the revenue cutter *Algonquin* is increased from 50 to 60 men. There are ten vacancies now to be filled.

— License was issued yesterday for the marriage of Geo. B. Cox, of Wilmington, and Miss Alice Lena Branch, daughter of Mr. and Mrs. Robert A. Branch, of Wilmington.

— The Seaboard Air Line expected to handle a car load of cantaloupes from the Maxton section yesterday. There are said to be over 3,000 acres planted in that vicinity and the prospect is very fine.

— Rev. A. D. Hunter, financial secretary of the Century Educational Work of the Baptist State Convention, will speak at the Southside Baptist Church to-night at 8 o'clock. The public is cordially invited.

— Wilmington Division, Naval Reserves, had its regular monthly inspection and business meeting last night. A committee was appointed to draft suitable resolutions upon the death of the Division's late member, Mr. Alexander McDonald Kerr.

— In reference to the article which appeared in our issue of yesterday, headed, "The Christian Scientists," we wish to correct an error as to its authorship. It was submitted to the editor, but not written, by the lady whose name appeared.

— By request, Mr. W. H. Yopp will deliver an address on "Pythianism" in Castle Hall of Stonewall Lodge on July 14th. Mr. Yopp is one of Stonewall's favorite orators, and no doubt a large crowd will greet him on this occasion.

## EXECUTIVE CONTROL.

**Circular Yesterday from President's Office of the Greater Coast Line System.**

**AN ASSISTANT TREASURER.**

**Appointments Effective July 1st—Mr. H. C. Prince, of Savannah, Becomes Comptroller in Charge of the Auditing Department**

A circular issued yesterday from the office of President Elliott and dated June 27th, gives details of the executive control of the "greater" Atlantic Coast Line since its absorption yesterday of the Plant System properties. The text of the circular is as follows:

"At midnight on June 30, 1902, this company will assume the management and operation of that portion of its line heretofore known as the Savannah, Florida and Western Railway Company, which has been merged and consolidated into this company, and the jurisdiction of the general officers of this company will extend over the entire consolidated system from that date, as follows:

"J. R. Kenly, General Manager.
"T. M. Emerson, Traffic Manager.
"James F. Post, Secretary and Treasurer.
"Mr. H. C. Prince has been appointed Comptroller of this company, effective July 1, 1902, to have charge of the Auditing Department, with headquarters at Wilmington, N. C.
"Mr. J. Moultrie Lee has been appointed Assistant Treasurer of this company, with headquarters at Savannah, Georgia.
"All employes of this company heretofore known as the Savannah, Florida and Western Railway Company, in its employment at midnight on June 30th, will, from and after that date, subject to such changes as may be made as of that date by the heads of the respective departments, become employes of this company, until otherwise ordered.
"W. G. ELLIOTT, President.

Under the same date Mr. James F. Post, secretary and treasurer of the consolidated system, issued another circular as follows:

"On and after July 1, 1092, the agents of the company formerly known as the 'Savannah, Florida and Western Railway Company,' will continue to make their remittances in the same manner and to the same banks as heretofore, for account of the Atlantic Coast Line Railroad Company, and will report to J. Moultrie Lee, assistant treasurer, Savannah, Georgia, until otherwise ordered.
JAMES F. POST, Treasurer."

The appointments of Mr. Kenly as general manager, Mr. T. M. Emerson as traffic manager and Mr. James F. Post as secretary and treasurer, have been foregone conclusions all along. They are men too well known in railroad circles here to need commendation and their retention in the expanded positions is gratifying to the public at large.

Mr. H. C. Prince, the comptroller, who will be general auditor of the greater system with headquarters in Wilmington, held a similar position with the Plant System at Savannah, and is highly esteemeed in railroad circles. He was originally with the Louisville and Nashville, but for the past ten years he had been with the Plant System. He is thoroughly conversant with the auditing department of railroad work, and ranks as one of the leading accountants in the service in the South. Mr. Prince, it is understood, will appoint auditors of receipts and disbursements, and it is said that Mr. Geo. S. LeGrand, now the popular acting auditor of the system, will have one of these positions, while Mr. R. D. McIver, of Savannah, will have another.

Mr. J. Moultrie Lee, of Savannah the new assistant treasurer, has been in the Plant service for about 25 years and is thoroughly conversant with the work. He will prove a valuable assistant to Mr. Post, and, as stated, he will remain in Savannah.

### Funeral Yesterday Morning.

The funeral of the late Archibald McQueen, whose death occurred at Wrightsville beach Sunday evening, took place yesterday morning at 10 o'clock from the First Presbyterian church in the presence of a large gathering of friends. The services were conducted in an impressive manner by Rev. Dr. J. M. Wells, the pastor, and the remains were tenderly laid to rest in Oakdale. The pall bearers were: Honorary, Mr. H. C. McQueen and Dr. L. H. Love; active, Messrs. A. W. McLean, L. L. Boon, M. Cronly, R. M. McIntyre, C. C. Covington and Dr. J. H. Durham.

### Funeral Yesterday Afternoon.

The funeral of the late Capt. James G. Daniel, whose death occurred Monday afternoon, was conducted at 3 o'clock yesterday afternoon from the late residence, No. 1023 North Third street, by the Rev. J. N. Cole, pastor of Grace M. E. church. There was in attendance a very large number of friends and the floral tributes were very pretty. The interment was in Oakdale, the following having acted as pall-bearers: Honorary: Capt. DeLeon Fillyaw and Capt. Jno. Barry; active, Messrs. Thos. Torpy, W. K. Bell, Wm. Turley, Wm. King, H. C. Twining and C. C. Rice.

### Rev. R. W. Hogue Accepts.

Rev. Richard W. Hogue, of Sheffield, Ala., has accepted a call to the rectorship of St. James' parish, this city, and expects to enter upon the work Nov. 1st, succeeding the temporary rector, Rev. Frederick H. T. Horsfield, who is serving the church until that date. Rev. Mr. Hogue visited Wilmington about a year ago, accompanied by his charming wife. Both the new rector and Mrs. Hogue will find a hearty welcome awaiting them here.

## AUDIT AND FINANCE BOARD IN SESSION YESTERDAY.

**Contract for Rock Quarry Operation Approved—Other Matters of More or Less Importance Considered.**

The usual semi-monthly meeting of the Board of Audit and Finance was held yesterday afternoon, Chairman H. C. McQueen and Messrs. C. W. Yates, Jesse Wilder and J. A. Orrell having been in attendance. The business transacted was principally routine and unimportant in its nature.

The contract with Mr. L. A. Weedon and Capt. S. W. Skinner for the operation of the city rock quarry as amended by the Board of Aldermen, was approved. By its provisions the lessees pay the 6 cents per ton royalty to the owner of the property for the material and 3 cents per ton royalty to the city for the use of the machinery, provided that the revenue to the city in no event falls below $25 per month. The city agrees to take at the contract price not less than 300 nor more than 600 tons of the material per week at the quarry.

The bond of W. H. Bernard, successful bidder for the city printing in the sum of $300, with Hon. Jno. D. Bellamy as surety, was approved.

Bond of the S. P. Cowan Livery Co., in the sum of $1,000, with the Union Surety Co., of Philadelphia, as surety, for the maintenance of its contract to feed and care for the city live stock, was likewise approved.

The amended tax ordinance has not yet come over from the Aldermen, but it will likely be taken up at the next meeting.

### INSTALLED OFFICERS LAST NIGHT.

**George Washington Council, Jr. O. U. A. M., Had Delightful Session.**

The installation of officers of George Washington Council No. 67, Jr. O. U. A. M., took place last night as follows:

C.—Dr. C. D. Bell.
V. C.—Dr. J. D. Webster.
R. S.—G. P. Taylor.
A. R. S.—C. R. Anderson.
F. S.—A. F. Gibson.
Cond.—J. M. Enos.
Treas.—C. L. Spencer.
W.—A. Watkins.
I. S.—J. M. Ward.
O. S.—C. C. Mallard.
Chaplain—O. G. Langley.
Trustees—M. Bellamy, Jr., Dr. C. D. Bell and Dr. J. D. Webster.

After the installation a delightful spread of refreshments was served and a season of delightful social intercourse enjoyed. The council will spend its "glorious fourth" this year at Southport and in discussing the trip last night, it was decided to run an excursion to that delightful resort on July 18th.

### CAPE FEAR LODGE, I. O. O. F.

**Officers Installed for Ensuing Term at Last Night's Regular Meeting.**

Cape Fear Lodge No. 2, I. O. O. F., last night installed officers for the ensuing term as follows.

S. P. G.—David K. LeGwin.
N. G.—P. Heinsberger, Jr.
V. G.—J. S. Williams.
Secretary—J. T. Riley.
Treasurer—Wm. Goodman.
W.—H. S. McGirt.
Conductor—Robt. Robbins.
Chaplain—A. W. Allen.
R. S. to N. G.—B. F. King.
L. S. to N. G.—W. G. A. Otersen.
R. S. to V. G.—C. E. Bender.
L. S. to V. G.—W. W. Hodges.
R. S. S.—Frank LaFella.
L. S. S.—J. M. Holmes.
I. S. G.—Edwin Russ.
O. S. G.—W. G. T. Keen.
Organist—J. W. Fleet.

The installation was by District Deputy Grand Master Geo. Darden, assisted by Past Grands B. F. King, D. K. LeGwin and W. H. Yopp.

### Home for Telephone Co.

Architect Charles McMillen has drawn plans for a handsome building which Messrs. Morris Bear & Bro. will erect for the Southern Bell Telephone and Telegraph Co., next west of the *Messenger* office on Princess street. The building will be of pressed brick, with brown stone trimming; two stories and basement; 22x58 feet in size. The operating rooms will be the lower floor both for the local and long distance lines. It will be completed by Oct. 1st. It is given out that the Bell Telephone Co. will expend $50,000 on improvements in and around Wilmington.

### Funeral of Miss Clowe.

Impressive funeral services were conducted at 5 o'clock yesterday afternoon by the Rev. J. N. Cole over the remains of Miss Annie E. Clowe, whose sad death at her home in this city was chronicled in these columns yesterday morning. The services took place from the family residence, No. 420 North Third street. The floral tributes were many and beautiful. The pall bearers were Messrs. Walter Williams, Johnson Williams, Milton Breckenridge, Alex. McAlister, W. O. Meeks and Deems Boylan.

### Safeguards to Bathers.

Mr. Henry Savage, purser of the Carolina Yacht Club, asks the STAR to say that while so much talk is going on about the proper safeguards to bathers at Wrightsville beach, that the Carolina Yacht Club is admirably equipped in this regard. A boat in charge of a competent crew is available at the club house at a moment's notice and there is abundant protection also in the way of life buoys and life lines.

NEWBERN, N. C., July 1.—Both pitchers were unsteady to-day, but Gettig was strong with men on bases. The visitors all fielded well, except Mathison. The game was interrupted in the sixth inning by rain for five minutes.

Wilmington scored one run in the second and third, while Newbern scored one run each in the first, second, third and fourth and three in the eighth.

### There Was no Variation In The General Result.

— Surely, Wilmington will get one out of three?

— Give the boys a big attendance to-morrow. They need it.

— With the exception of Mathison Wilmington played an errorless game.

— The Hornets raised Kain in Raleigh yesterday, winning by five to two.

— The Giants are evidently suffering from an acute attack of perilyphitis of the baseball type.

— It looks like the Clams are going to hold three sevens. The Giants played the deuce yesterday.

— To-morrow the first game of the new series on Hilton diamond will be played between Newbern and Wilmington.

— Greensboro took another from the Durham Shorthorns, the score being four to three. Canned beef will soon be at a discount.

— There will be too games played here July 4th between Wilmington and Newbern, one in the forenoon and one in the afternoon.

— Reports from Newbern indicate that the Wilmington players are unanimous in the opinion that Umpire "Jordan is a hard road to travel."

— A baseball team at Lumberton wants a game with the Wilmington amateurs here July 8th. The contest would doubtless be a close one and would draw well.

TARBORO, N. C., July 1.—The home boys won out in the eighth to-day when the score was a tie. Cook singled and scored on three-base hit by Pennington, who scored on Grant's single. Lattimer for the visitors made a home run and three-bagger. The score: Tarboro 5 runs, 13 hits, 3 errors. Wilson 3 runs, 7 hits, 7 errors. Batteries: Patch and Higgins; Sullivan and Read.

### Star Course Closed.

The canvass is about completed for subscriptions to the Star Course of Y. M. C. A. entertainments and 450 tickets have been taken, leaving now only 50 available. The price for single attractions will be 75 cents each, with the exception of the Tom Dixon lecture, which will be $1, making a total of $5.25 for the series. The remaining tickets to the course may be secured by Y. M. C. A. members for $1; non-members, $2, and when the remaining fifty are sold no more course tickets will be available, and single admission prices will be charged. Subscriptions may be made by 'phoning No. 95 before Thursday.

### Starlight Excursion To-night.

With favorable weather the "starlight excursion" on the steamer *Wilmington* to-night will be an immense success. The trip will be 20 miles down the river and the fare will be only 15 cents. The steamer leaves her wharf at 8 o'clock and returns at 11 P. M.

J. H. Rheder & Co.'s stores were crowded again yesterday. No wonder, bargain week. †

## ANOTHER STREET FAIR COMING IN OCTOBER.

**This Time It Will Be Under the Auspices of the Knights of Pythias—Preparations Already Begun.**

Wilmington will have another street fair and carnival this Fall if the plans of a joint committee from the four lodges of Knights of Pythias in the city do not fail.

The proceeds will go toward furnishing the handsome new K. of P. hall on the third floor of the new Murchison National Bank building and it is proposed to make the carnival every whit the great success which attended a similar undertaking by the Elks last year. The joint committee on furnishing the new hall is headed by Mr. Henry E. Bonitz and already he is negotiating with a manager of experience to come to Wilmington and take charge of the affair. A notable list of attractions will be booked and no pains will be spared to make the carnival one of State importance.

The Pythians are enthusiastic over the movement and as there are more than five hundred of them in the city, their combined efforts will bring forth wonders.

### Big Excursion From Charlotte.

Rev. Dr. J. Q. Adams and Mr. V. O. Willis, of Charlotte, constituting a committee from Pritchard Memorial Baptist Sunday School, arrived in the city yesterday to arrange side trips and other forms of entertainment for about 1,000 excursionists, who will arrive here on July 15th to spend part of two days. The train will be made up of 15 coaches and will run in two sections. The excursionists will be among the very best people in Charlotte and Dr. Adams and Mr. Willis desire to find suitable homes for them while in the city. To this end Mr. James Kyle, secretary of the Chamber of Commerce, has kindly consented to take the names, terms, etc., of all who can furnish the visitors with board and lodging, and those in position to aid in this entertainment are requested to communicate with Mr. Kyle either personally, by telephone, or by letter.

### Messenger Boy Stowed Away.

The Clyde steamer *Geo. W. Clyde* brought in yesterday a tiny stowaway, Master Eddie Mylat, 13 years old and son of a well known Charleston, S. C. pilot of the same name. He stowed away last week on one of the Clyde steamers at Charleston, went to New York, soon tired of the life and stowed away again for this port with the hope of getting back home. He was a messenger boy in the Postal Telegraph office at Charleston and was cared for yesterday at the Postal office here. His parents telegraphed him a ticket and he left in the afternoon for home.

### Fourth of July Attractions.

The city was billed yesterday for the big celebration of the "Fourth" at Wrightsville Beach, to which there will be the usual 20 trains during the day. The prizes for the annual regatta of the Carolina Yacht Club, which will be a drawing attraction during the day, are on display at Honnet's. For the "Fourth" the Coast Line will operate the usual special train to Lake Waccamaw, leaving at 8 A. M. and returning at 9:20 P. M. The fare will be only 75 cents for the round trip.

### Fitting up Handsome Offices.

Capt. E. G. Parmele, secretary and treasurer of the Wilmington Sewerage Company, is fitting up a splendid suite of offices in the building formerly occupied by Wm. McLean & Co., on Princess street. The building is being handsomely repainted inside and outside and the offices will be among the prettiest in the city. The interior is being finished in mahogany, and a straw tint with white trimming, while the exterior is a colonial yellow with olive green doors and blinds. The sewerage system is now in full running order and water was turned into some of the pipes yesterday for the first time.

## WILMINGTON SCHOONER IN TROUBLE.

**Ida C. Schoolcraft Stranded Off Lookout. Boston Schooner Also in Danger.**

[*Special Star Telegram.*]

BEAUFORT, N. C., July 1.—The four masted schooner *Nimbus*, from Boston, in ballast, bound south, stranded last night 25 miles off Lookout, near Core Bank's life saving station. The weather was fine and beach very low at this point. She must have lost her bearing. If the weather continues favorable, with assistance, she can be saved. At the same place and date the schooner *Ida C. Schoolcraft*, coal laden, bound Wilmington, N. C., was stranded, and is in the same condition, it appears. Assistance has been wired for.

### Wanted His Bull Dog.

Chief of Police Furlong received a telegram from Newbern yesterday asking him to intercept a passenger with a bull dog on the incoming train. Chief Furlong was on hand when the train pulled under the shed; the dog and its new master mutually parted company and the canine was sent back on the same train to Newbern. The dog belonged to Mr. B. Wert, of Newbern.

— Mrs. W. B. Bowden, of Wilmington, is visiting her mother, Mrs. D. M. Wishart, of Lumberton.

Governor Aycock issues requisition on the Governor of South Carolina for Daniel Gould, alias Thos. Maddry, wanted in Northampton county to be hanged for murdering W. R. Carpenter. He was sentenced Oct. 3, 1892, escaped from Anson jail before the day of execution, and was not heard of until ten days ago, when he was arrested by officers in Georgetown, S. C. He has lived an exemplary life since his escape twenty years ago. He must hang unless the Governor commutes the sentence, which will be asked.

## COLUMBUS COUNTY CONVENTION.

**Delegates Instructed for Brown—Bellamy Has Some Support.**

[*Special Star Telegram.*]

WHITEVILLE, July 1.—The County Democratic Convention held here today instructed for Brown for Congress, but not unanimously. The delegates are practically all for Bellamy as second choice. Bellamy has two delegates from Ransom's township and two from Welch's Creek for first choice.

### A CARD.

The reporter of the STAR was misinformed when he stated in last Sunday's issue that the young lady, Miss Foster, who was drowned on Saturday at Wrightsville beach was buried without any religious service. There was a religious service at the grave.

BY WILLIAM H. BERNARD

WILMINGTON, N. C.

WEDNESDAY MORNING, JULY 2.

## CAN'T FOOL THEM ALL.

Yesterday we referred to the cut-and-dried platforms being adopted by the Republican State conventions wherein they declare their purpose to adhere to the protective tariff, and express disapproval of combinations (usually called trusts) organized for the purpose of curtailing production and unfairly controlling prices. The reason assigned for declaring for protection is friendship for the American workmen, who are thus insured higher wages than they could command of the protective duties were reduced. This is simply a repetition of the old fraud which has characterized protection ever since "protection for protection's sake" became the avowed policy of the Republican statesmen.

It is a fraud of the first water, for the American workman does not figure in it outside of the speeches of the high tariff advocates, and the men who run the protected industries, who reap the benefit of it.

Don't they invariably hire the cheapest labor they can, when they can get suitable cheap labor, and do they ever pay more for labor than they can get it for, regardless of the profits they make? What better proof can there be than this that they don't care a continental about the people who work for them. But the high tariff does not make high wages. Wages, regardless of high or low tariff, have always been higher in this than in other countries, both in the protected and unprotected industries, and as a rule higher in the unprotected than in the protected industries. But when we consider the value of the service rendered, the greater productive capacity per hand of the American workman, and the purchasing price of wages, the workmen in the protected industries of this country are not any better paid than the workmen in similar industries in England, for instance, where wages are higher than in any other European country.

That is the conclusion arrived at by a committee of English workmen who were sent to this country to study the industrial situation, as it affects the methods of production and the condition of the workmen. And England is a free trade country. This disposes of the fraudulent pretence that the American workmen is such a great beneficiary of the protective tariff. But they will continue to work that fake, Hanna will play the "full dinner pail" and continue to repeat "Keep on letting well enough alone."

But they are not fooling the masses of the people as much as they think they are, for this tariff and trust question has been too much discussed to cut it off abruptly now with platform declarations. Too many prominent and leading Republicans have gone upon record and have spoken out in meeting with the hope of spurring this Congress up to doing something to relieve the people from the exactions made by the protected industries and by the trusts which are protected and encouraged by this tariff. Ex-Senator Washburn, of Minnesota, and Governor Cummings, of Iowa, both protection supporters, bed-rock Republican States, have on several occasions declared in favor of tariff reduction as something due the people, who have been so long and so heavily taxed to encourage and foster our "infant industries." While there is more or less manufacturing done in both of these States, their principal industry is agriculture, and the farmers can't see why they should continue to be taxed without end for the benefit of men who operate industries which are able to stand alone without any tariff bolstering. Six Republican papers out of eight in the West endorse the position taken by ex-Senator Washburn and Governor Cummings.

Representative Babcock, of Wisconsin, after the organization of the billion-dollar Steel Trust, blew a blast from his bugle and announced his purpose to stop that kind of colossal combining by presenting a bill for the repeal of the tariff duties on all Trust-controlled manufactures which are exported and sold at a lower price in other countries than in this. He proposed to begin with the Steel Trust and follow up. They found a way to quiet and finally to gag him, but he had started the ball rolling in his State and gagging him didn't stop it. The Republican Congressional convention of the Tenth district of Wisconsin—Babcock's State, adopted the following as one of the planks of its platform:

"That many of the industries of this country have outgrown the need of a protective tariff is made evident by the fact that the American manufacturer has entered the markets of the world and is successfully competing with the manufacturers of all other countries. Many of the tariff schedules adopted to foster infant industries have fully served that purpose, and have become a means of aiding and building up powerful trusts and combinations, and enabled those to exact from the American purchasers the payment of higher prices than they exact for the same class of goods sold in foreign countries. We therefore favor a revision of the tariff, without unreasonable delay, which will place upon the free list every article and product controlled by any monopoly and such other articles and products as are beyond the need of protection."

This was simply expressing in different phrase the late President McKinley's recommendations in his message to Congress wherein he urged tariff reduction as a means of promoting reciprocity and asserted that the way was made easy for this as so many of our industries had outgrown the need of protection, which he reiterated with emphasis in his Buffalo speech the day before his assassination. These Wisconsin Republicans, for whom Mr. Babcock spoke before he was gagged, agreed with the President, who, they believed, meant what he said, as they meant what they say in this platform.

The only purpose to be effected by the perpetuation of a tariff for industries "that have outgrown the need of it," is, as these Republicans say, to foster trusts. And yet the schemers who put up State platforms deny this and declare that the party must adhere to protection not only to protect our industries from harm but to ensure good wages to American workmen. They ought to resort to some other trickery; that is played out.

## TARIFF OBJECT LESSONS.

Replying to an assertion by the Portland, Maine, *Argus* that American beef is sold in England, after paying freight, for ten cents a pound less than consumers in the large cities of the North have to pay, the Troy, N. Y., *Press* says this is "preposterously untrue." The Lockport, N. Y., *Union Sun* in noting this presents an object lesson showing how the tariff works to the benefit of the foreigner, and to the disadvantage of the home consumer. It says:

"Preposterous but not untrue. Right here on the borders of Canada, just across the Niagara River, meat is sold cheaper than it can be bought on this side from the same packers. And furthermore, it has been brought over to this side and sold after paying the tariff, cheaper than the Beef Trust prices to American consumers. The same is also true of the iron and steel industries, whose products can be bought in Europe after paying freight, ten dollars a ton cheaper than the same things can be bought in the United States. After the infant industry has outgrown its mother to the detriment of home consumers, it is high time to let the infant walk alone, whether the infant be made of Pennsylvania steel or Troy linen."

Here are two object lessons. People living three thousand miles across the ocean can buy American beef for less money than the American consumer can, and yet the Beef Trust gives as a reason for the advance in prices to American consumers, the scarcity and consequent increased cost of cattle and other animals for slaughter. That being the case of course the Beef Trust can send beef across the Niagara river and sell it for less than it charges consumers on this side of the river, and consumers on this side of the river can afford to go across the river, buy this same American beef, bring it across the river, pay tariff duties on it, and save money, and the probabilities are that there is a good deal of that kind of thing done. And yet you couldn't get the Republicans in Congress, with all their hypocritical talk about opposition to Trusts, to touch with a forty-foot pole the tariff on meat or animals for slaughter.

## EXPLOITING THE PHILIPPINES.

The Philippine Civil Government bill, as passed, provides for issuing bonds to pay for the lands now owned and held by the Friars, amounting in the aggregate to about 4,000,000 acres. These lands are to become a part of the public domain and are to be opened to homesteaders the same as other public lands.

The supporters of this bill say they have taken precautions to prevent these lands from being absorbed by corporations by limiting the amount of holdings by corporations to 2,500 acres, a pretty large sized patch, by the way. But what is to prevent corporations, after securing the 2,500 acres allowed under the law, to get other parties to secure 2,500-acre tracts, go through a mock sale, and turn these tracts over to the corporation until such corporation or corporations get control of all the land they want?

The 2,500 acre limitation is a mere blind, a pretence of guarding against exploiting by corporations, which will amount to nothing. We venture to say that the most valuable portions of these lands are already spotted, and will be jumped as soon as the announcement is made that they are on the market, and we venture to add that the bulk of these lands and the best of them will be gobbled by Americans and corporations. In the language of the distinguished Mr. Flannagan, of Texas, "What are we here for?"

There isn't going to be any American immigration into the Philippines, and therefore the hustlers and the corporations will have a fine opportunity for exploiting.

In his testimony before the Senate Committee Admiral Dewey said a good many things happen in war that are not communicated to the public. There are also a good many things that don't happen that are communicated to the public. For instance, the public had been assured at least a dozen times in the past two years that the war was over in the Philippines.

Southeastern Arizona is coming to the front with the discovery of an immense deposit of marble. The main ledge is over a thousand feet wide and has been traced three miles. Near the centre is a pure white vein seventy-five feet thick which runs through it. There is also in the deposit a vein of jet black. There is little black marble in this country nearly all being imported from Europe. The white marble is pronounced superior to the Italian imported and harder than any found in this conutry. An English syndicate has secured control of the property.

A Cleveland, Ohio, man is using in his store and for his domestic purpose a gas of his own manufacture, which is second in brilliancy only in electricity, and cheaper than any other gas in use. He claims to draw it direct from the air, as that fellow in the Danish West Indies does his electricity.

## BOOK NOTES.

The reader will find the July number of the *Smart Set* a very entertaining one, with a full and varied list of contents, and a number of stories short but interesting. Published by The Ess Ess Company, 452 Fifth avenue, New York.

The young folks, and those who are not young, will enjoy the July number of *St. Nicholas*, which presents a fine list of contents beautifully illustrated. One of the objects of this publication is not only to interest the little folks but also to instruct them, while interesting, which it does very effectively with its timely articles and striking illustrations. Published by The Century Company, Union Square, New York.

*Frank Leslie's Monthly* for July is both a handsome and an interesting number, full of entertaining reading matter, beautifully illustrated. Among the notably interesting are "The Destruction of the Roraima" by the eruption of Mont Pelee; a paper on Martinique, describing the devastation by the same eruption, and "Drying Up a Sea," in Holland, the two former finely illustrated. Address The Frank Leslie Publishing House, 141-147 Fifth Avenue, New York.

## CURRENT COMMENT

—"Money and loot" is all that Aguinaldo was after in the Philippines, acording to Admiral Dewey. Well, what else is there in the Philippine Civil Government bill when cut down to the bone?—*Philadelphia Record, Dem.*

—The formation of a Trust to control all the food products of the country is now projected; but, it will not frighten anybody, for two reasons. In the first place, all food products are at the price notch—"all the public will stand;" in the second, the people are going to deal with the Trust issue at the next election in a radical manner.—*Brooklyn Citizen, Dem.*

—Gen. Burt's plan to sell the Philippines to the Japanese for $150,000,000, says the Indianapolis Sentinel, "is a great illustration of chattel liberty and chained independence." It is also, however, a good illustration of common sense. We could not, perhaps, make a better disposition of the country, unless we should give it to the smart little Japs free of charge. They could not well make a worse mess of pacifying and governing it than we have done. —*Charleston News and Courier, Dem.*

—The Michigan state republican convention, enthusiastically championed, in general terms, the president of the United States, and indorsed his acts and policies in the same style. Then the convention proceeded to indorse with equal enthusiasm the acts of the Michigan delegation in the house which has fought the most conspicuous part of the president's program, trade concessions of Cuba. Not only has the Michigan delegation antagonized the president, but the members have been exasperatingly insolent in doing so. That convention was more impartial than honest.—*Chattanooga Times, Ind.*

## SPIRITS TURPENTINE.

—Troy *Examiner*: Crop prospects are brighter than for many years and the farmers are making a heroic effort to regain former losses.

—Newton *Enterprise*: The fruit crop is not near so large as it promised early in the spring to be. Many peaches and apples have fallen off. —A small crop of peas will be sown this year on account of the scarcity and high price of the peas. They are selling at $1.25 to $1.50 per bushel.

—Greenville *Reflector*: We hear that Friday night several colored people were sitting up with a corpse, a few miles south of town. During the storm lightning struck the house, and there was a scattering of darkies. Every living being of them left the corpse and the house, and not one of them would go back during the night.

—Maxton *Scottish Chief*: A Croatan boy, Willie Chavis, was accidentally drowned Saturday evening while bathing in Lumber river near Campbell's Bridge, three miles from town. —Three negroes broke jail at Lumberton Saturday. One was Perry, charged with forging school orders from Lumber Bridge township. Another was the boy Stackhouse, who killed McAuther, in the Croatan settlement last week. We did not get the name of the third man.

—Warrenton *Record*: The prospect for a fine corn crop in Warren county was never better. It is well our farmers did plant a large crop of corn this year, as the wheat crop is a complete failure. Hardly as much as was sown has been harvested. —We learn that our berry growers who contracted to deliver their berries to certain Northern firms at $1 per crate net, lost a great deal of money. Other berry growers of the county who did not go into the contract have been realizing more than $2 net per crate.

## FUNERAL REPRESENTATIVES.

Busy men have no time for attending ordinary funerals; therefore it has now become the fad to send secretaries and office boys to pay the final tribute of respect to friendship. At a recent quiet funeral in this city a clerkly looking young man was stopped at the door by the servant, who demanded his business. "I am come to attend the final obsequies," was the reply. "Friend of the family?" inquired the lackey. "Not personally, but I represent Messrs. Blank & Thank, who are unable to be here." He was admitted. Some mutual acquaintances, talking about the funeral a few days later, expressed surprise that neither Blank nor Thank, both intimate friends of the deceased, was present, and were still more surprised to learn that the firm's office boy did the honors by special appointment.—New York Press.

# Callisthenics

Are a benefit to healthy women. But to women who are suffering from diseases peculiar to their sex they are an injury. When there is weak back or bearing-down pains, sideache or other indications of womanly weakness, exercise can only aggravate the condition. The womanly health must be first restored before strength can be developed by exercise.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It does this by healing the womanly diseases which undermine the general health. It stops the drains that weaken women, heals inflammation and ulceration and cures female weakness.

"When I first commenced using Doctor Pierce's medicines," writes Mrs. George A. Strong, of Gansevoort, Saratoga Co., N. Y., "I was suffering from female weakness, a disagreeable drain, bearing-down pains, weak and tired feeling all the time. I dragged around in that way for two years, and I began taking your medicine. After taking first bottle I began to feel better. I took four bottles of Dr. Pierce's Favorite Prescription, two of 'Golden Medical Discovery,' one vial of 'Pleasant Pellets,' also used one bottle of Dr. Sage's Catarrh Remedy. Now I feel like a new person. I can't thank you enough for your kind advice and the good your medicine has done me.

"I have a sister who is taking your medicine and it is helping her."

Dr. Pierce's Pleasant Pellets promote regularity of the bowels, and assist the action of "Favorite Prescription." No other laxative should be used with Dr. Pierce's Medicines.

### Imitation Antiques.

There not being enough antique furniture to go around, and antique being "the" thing nowadays, the firms which make a specialty of that sort of goods are overwhelmed with orders for imitation antiques. Imitation Chippendale does not, of course, cost as much as the real article, but it is possible to spend a good deal of money upon "new antique" furniture. It is a fad that a poor man cannot indulge in with impunity. At the Paris exhibition replicas were shown of famous pieces of antique furniture which were valued at $50,000.

### To Wash Scarlet Flannel.

To wash scarlet flannel mix a handful of flour in a quart of cold water and boil ten minutes. To this add some warm suds made with castile soap and then wash the flannel gently, rinsing rather than rubbing it. Now rinse in two or three waters of the same temperature—just comfortably warm to the hands, not hotter—and hang out to dry in the shade. By this method the color should remain unchanged in the flannel after many washings.

### COTTON MARKETS

By Telegraph to the Morning Star.

NEW YORK, July 1.—The cotton market opened steady in tone but down two to five points, in sympathy with disappointing Liverpool cables and generally bearish private crop reports. Later the whole market eased off under selling for both accounts with August off to 8.36. The late Liverpool cables were more bearish than the early advices and Europ sent selling orders to the local ring. The South, too, sold cotton here during the first hour. Toward midday there was a rally on covering by scalpers who rather feared a possible adverse weekly crop weather statement from Washington. Trading was not active at any time during the forenoon and as a rule the conservative element evened up trade pending receipt of the monthly crop statement from the govment next Thursday and the passing of the holidays at the end of the week. Soon after midday the weekly report came to hand and reflected a much less favorable crop outlook than had been reckoned with. Drought was mentioned for parts of the central belt and for Northwestern and Southwestern Texas. A sharp movement to cover caused a rise throughout the list, but later the absence of speculative support allowed prices to ease off again. In the last hour shorts covered in fear of higher cables to-morrow, though the July option hung limp and dropped off to 8.67, or thirteen points under last night's close. The market was finally steady and net nine points lower to three points higher.

NEW YORK, July 1.—Cotton firm at 9¼c; net receipts 370 bales; gross receipts 716 bales; stock 157,178 bales. Spot cotton closed firm; middling uplands 9¼c; middling gulf 9¾c; sales — bales.

DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

Cures Cholera-Infantum, Diarrhoea, Dysentery, and the Bowel Troubles of Children of Any Age. Aids Digestion, Regulates the Bowels, Strengthens the Child and Makes TEETHING EASY.

Costs Only 25 cents at Druggists,

Or mail 25 cents to C. J. MOFFETT, M. D., ST. LOUIS, MO.

FLORENCE, S. C., Nov. 26, 1900.—I was first advised by our family physician in Charleston to use TEETHINA with our baby when he was but a very young infant, as a preventive of colic and to warm and sweeten the stomach. Later it was useful in teething troubles, and its effect has been found to be so very beneficial and so free from dangers that are consequent upon the use of drugs and soothing syrups, that we have come to regard it, after use with three children, as one of the necessities when there is a new baby in the house and until the teething troubles are over, and we take pleasure in recommending it to our friends instead of the horrid stuff that so many people use to keep their baby quiet. HARTWELL M. AYER, (Manager Daily Times and Weekly Times-Messenger.)

## DEMOCRATIC PLAN OF ORGANIZATION.

1. The unit of county organization shall be the voting precincts. In each precinct there shall be an executive committee, to consist of five active Democrats, who shall be elected by the Democratic voters at the several precincts in the meeting first called by the county executive committee. And said committee so elected shall elect one of its members as chairman, who shall preside at all committee meetings.

2. The chairmen of the several precinct committees shall compose the county executive committee, which shall meet at the same time and place as the county convention first held in each election year, and elect a chairman of said county committee who need not be a member of the committee, and he shall preside at all meetings of said committee, and shall hold his place until his successor shall be elected. A majority of said precinct chairmen, in person, or by proxy, shall constitute a quorum. The county committee shall likewise appoint a central committee of five, who shall act in its stead when the county committee is not in session.

3. In case there shall be a failure on the part of any precinct to elect its executive committee for a period of thirty days, the county executive committee shall appoint said committee from the Democratic voters of said precinct.

4. The members of the precinct committee shall elect to any vacancy occurring in said committee.

5. The county executive committee shall call all necessary conventions by giving at least ten days' notice by public advertisement in three public places in each precinct, at the court house door, and any Democratic newspapers that may be published in said county, requesting all Democrats of the county to meet in their respective precincts on a common day therein stated, which said day shall not be less than three days before the meeting of the county conventions, for the purpose of electing their delegates to the county conventions. Thereupon the meeting so held shall elect their delegates to represent the precincts in the county convention from the voters of the respective voting precincts, which delegates, or such of them as shall attend, shall vote the full Democratic strength of their respective voting precincts on all questions that may come before said county conventions. In case no meeting shall be held in any precinct in pursuance of said call, or no election shall be made, the precinct executive committee shall appoint such delegates.

PRIMARIES.

6. At every precinct meeting there shall (before the delegates to the county convention are elected) be a vote taken for the different candidates for office, whose names may be presented and the delegates shall vote in the county convention of their respective districts in accordance with this vote; that is to say, each candidate shall receive in the county convention that proportion of the vote to which the precinct may be entitled which he received in the precinct meeting. The chairman and secretary of the precinct meeting shall certify to the county convention the vote received by each candidate at the precinct meeting.

7. Each precinct shall be entitled to cast in the county convention one vote for every twenty-five Democratic votes, and one vote for fractions of thirteen Democratic votes cast by the township at the last preceding gubernatorial election. Provided, that every voting precinct shall be entitled to cast one vote, and each precinct may send as many delegates as it may see fit.

8. The chairmen of the precinct committees shall preside at all precinct meetings. In their absence any other member of said committees may preside.

COUNTY AND DISTRICT CONVENTIONS

1. The several county conventions shall be entitled to elect to their senatorial, judicial and congressional conventions one delegate and one alternate for every fifty Democratic votes, and one delegate for fractions of over twenty-five Democratic votes cast at the last preceding gubernatorial election in their respective counties; and none but delegates or alternates so elected shall be entitled to a seat in said conventions: Provided, further, That in all county conventions in which delegates shall be selected to attend any State, congressional, judicial or other convention, a vote shall be taken in accordance with the plan of organization as to the candidates whose names may be presented to such county convention. The delegates shall be selected from the friends and supporters of each candidate voted for, in proportion to the number of votes he shall receive in such county convention and no other instruction shall be given: Provided further, That when only one candidate is presented and voted for at each county convention it shall be lawful to instruct for such candidate.

2. At every county convention (before delegates to State, congressional, judicial, senatorial or other conventions are chosen) there shall be a vote taken for the different candidates for office whose names may be presented and the delegates shall vote their respective counties in accordance with this vote, that is to say each candidate shall receive in the State, congressional, judicial, senatorial or other convention the proportion of the vote to which the county may be entitled which he received in the county convention. The chairman and secretary of the county convention shall certify to each convention the vote received by each candidate given: Provided, That where only one candidate is presented it shall be lawful to instruct for him. At all State and district conventions the delegates from the different counties may disregard the vote of their respective counties as to any candidate: Provided, That a two-thirds majority of all his votes from the county consent.

3. The chairman, or in his absence any member of the county, senatorial, judicial and congressional convention shall call to order their respective conventions and hold chairmanship thereof until the convention shall elect its chairman.

4. The executive committees of the senatorial, congressional and judicial districts, respectively, shall, at the call of their respective chairmen, meet at some time and place in their respective districts, and the chairmen of said respective committees shall immediately notify the chairmen of the different county executive committees of the said appointment and the said county executive committee shall forthwith call conventions of their respective counties in conformity to said notice to send delegates to said respective district conventions.

STATE CONVENTIONS.

The State convention shall be composed of delegates appointed by the several county conventions. Each county shall be entitled to elect one delegate and one alternate for every one hundred and fifty Democratic votes and one delegate for fractions over seventy-five Democratic votes cast therein at the last preceding gubernatorial election; and none but delegates or alternates so elected shall be entiled to seats in said convention: Provided, That every county shall have at least one vote in the convention.

Resolution passed at meeting of executive committee, November 30, 1897:

"*Resolved*, That in accordance with the resolution hereinbefore adopted, all white electors who intend to vote with us in the next election, and who desire the re-establishment of Anglo-Saxon supremacy and honest government in North Carolina are cordially invited to participate in all our primaries and conventions."

GENERAL RULES.

1. At all conventions the delegates shall be selected as near as may be from the friends and supporters of the candidates voted for.

2. Such delegates—or alternates of absent delegates—as may be present at any Democratic convention shall be allowed to cast the whole vote to which their precinct or county may be entitled.

3. In all conventions provided for by this system, after a vote is cast, there shall be no change in such votes until the final result of the ballot shall be announced by the chairman of said convention.

4. All Democratic executive committees shall have the power to fill any vacancies occurring in their respective bodies.

5. The chairmen of the different county conventions shall certify the list of delegates and alternates of the different district and State conventions, and a certified list of said delegates and alternates to the secretary of the State central committee.

6. It shall be the duty of the county committee and its chairman to furnish such information and make such reports to the chairman of the State committee as he may desire.

F. M. SIMMONS,
Chairman State Democratic Executive Committee.
P. M. PEARSALL, Secretary.

**He Kept His Leg.**

Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. Then the best doctors urged amputation, "but," he writes, "I used one bottle of Electric Bitters and 1½ boxes of Bucklen's Arnica Salve, and my leg was sound and well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. R. R. BELLAMY, druggist, will guarantee satisfaction or refund the money. Only 50 cents. †

WASHINGTON, July 1.—The conferees of the two houses of Congress on the Naval Appropriation bill reached an agreement to-day on the one point left in dispute after former conferences. This point related to the contention between the two houses as to whether any of the proposed new war vessels should be built in government navy yards. The compromise agreement authorizes the construction of one battleship in a government yard; also others in case of emergency, the provision being as follows:

"The Secretary of the Navy shall build one of the battleships authorized by this act in such navy yard as he may designate, and he shall build all the vessels herein authorized in such navy yards as he may designate should it reasonably appear that the persons, firms or corporations, or the agents thereof, bidding for the construction of any of said vessels, have entered into any combination, agreement or understanding the effect, object or purpose of which is to deprive the government of fair, open and unrestricted competition in letting contracts for the construction of any of said vessels."

There is an appropriation of $175,000 for the equipment of each navy yard to be used for constructing any of the ships. The conference report was adopted by both houses.

## BAILEY AND BEVERIDGE.

**No Notice Taken in the Senate of Monday's Exciting Scene.**

By Telegraph to the Morning Star.

WASHINGTON, July 1.—When the Senate convened to-day there were no indications of the exciting scenes of yesterday. Senator Bailey, of Texas, entered the chamber from the Democratic cloak room soon after the invocation had been pronounced and took his seat on the Democratic side. He was joined by Senator Spooner and they chatted together for a few minutes. Representative Burleson, of Texas, then joined Senator Bailey and had an extended talk with him. Senator Beveridge did not appear in the Senate during the early part of the session. After his chat with Mr. Burleson, Senator Bailey left the chamber. Senator Beveridge, who had been engaged in his committee room, entered the chamber about half an hour after the Senate convened. As he went to his seat on the extreme Democratic side, other senators joined him and shook him cordially by the hands. Later, he went over on the Republican side.

NEW YORK, July 1.—A statement of net earnings of the United States Steel Corporation for the quarter ending June 30th was issued to-day. Earnings for April last were $12,320,765, for May $13,120,930, and for June and estimated $12,250,000, making a total of $37,691,696 against $26,362,000 for the same period last year. This statement shows an increase of net earnings for the quarter of $11,329,696. The regular quarterly dividends were declared of 1¼ per cent. on the preferred stock and 1 per cent. on the common.

**Negro Woman and a Child Killed—The Damage to Crops Heavy.**

By Telegraph to the Morning star.

RICHMOND, July 1.—Specials from Farmville and Green Bay, Prince Edward county, tell of a violent wind storm which swept over that county last night. Fences were blown down, trees uprooted and houses unroofed. Near Farmville a negro woman was killed and a child badly injured by a tree being blown down upon them. The damage to crops is heavy. High winds seem to have prevailed also in several adjacent counties.

## CONGRESS CLOSED ITS LONG SESSION

**Sharp Debate on the Philippines Question Marked the Close of the Senate.**

**PROCEEDINGS IN THE HOUSE.**

**A Scene of Enthusiasm When the Speaker Declared the House Adjourned Without Day--Much Minor Business Was Transacted.**

By Telegraph to the Morning Star.

WASHINGTON, July 1.—After a session marked by some of the stormiest debates ever heard in the American Congress, the Senate adjourned *sine die* at 5:30 this afternoon.

During the last hours of the session there was a tart debate on the Philippine question participated in by Messrs. Carmack of Tennessee, Spooner of Wisconsin, Culberson of Texas, McComas of Maryland and Lodge of Massachusetts. The conference report on the Philippine government bill was adopted without very serious opposition and when the decks of the Senate were cleared for adjournment, Senator Carmack called up his resolution providing for a continuance of the investigation of the Philippine committee and for a visit to the Philippine islands by the committee during the present Summer. This started the trouble, and for more than an hour a battle of words was waged. The resolution was referred to a committee thus effectually killing it.

Just before adjournment, the usual resolutions were adopted, including one offered by Senator Cockrell, the venerable Democrat of Missouri, cordially thanking President pro tempore Frye, for "the dignified, impartial and courteous manner in which he had presided over the deliberations of the Senate." After the adoption of the resolution, Senator Frye delivered a feeling response and then declared the Senate adjourned without day.

During the discussion of the Philippine bill, Mr. Culberson, of Texas, said the report of the secretary of war indicated that from May 1st, 1898, to April 30th, 1902, the expenditures for the army were $605,000,000 in round numbers, while of this sum only $170,000,000 were expended in the Philippines. This statement Senator Culberson questioned, and figured up an expenditure by the United States of $222,436,406 on account of the Philippines, and even these figures, he said, did not include some of the expenditures made for the Philippines.

Senator Patterson, of Colorado, referred to Admiral Dewey's testimony concerning the agreement for the surrender of Manila before the attack of August 13th, 1898. He said this understanding provided that no American soldier should be killed, but that notwithstanding this agreement, General Merritt permitted the soldiers to make the assault without any knowledge of the agreement. He asserted that this revelation calls for a court martial or board of inquiry.

Senator Carmack, in support of his resolution, said the committee on Philippines had not considered it. A large part of the investigation by the committee had been a farce and the investigation had been "choked, strangled and destroyed. There has been no investigation."

In reply to Senator Carmack, Senator Spooner declared that the attack made upon the army by the minority of the Philippine committee, and of the Senate, was not only a "farce" as it had been termed, but a wicked and cruel farce.

Senator Spooner asserted that it was the fault of the minority that the investigation had been, as stated, a farce. The scheme of the minority had been found to be a mistake. The Democrats had mistaken the temper of the American people.

The investigation had not been persuasive with the American people because they did not favor attacks upon the army composed of men "far, far, away—men who are brave, and humane because they are brave."

Mr. Lodge, chairman of the committee, made an extended statement of the work of the committee. He did not think anything was to gained by a continuance of the investigation during the Summer.

Senator Carmack said if it were proper he would denounce Senator Spooner's remarks as "the merest balderdash."

"The fact remains," he said, "that the committee failed to perform its duty and deliberately suppressed the purposes of the investigation." He denied the charge that the minority of the Philippine committee had assailed the army. "Any fool," he declared, could utter such a calumny and any parrot could be taught to repeat it."

Senators Allison and Cockrell, as members of the joint committee of the two houses, reported that the President had no further communication to make and the Senate then adjourned.

**House of Representatives.**

WASHINGTON, July 1.—Amid a scene of enthusiasm that has not been paralelled since the exciting and stirring days of the Spanish war, Speaker Henderson, at 5:30 this afternoon, declared the House of Representatives adjourned without day. In doing so he said that no House of Representatives since the adoption of the constitution has done as much work as this one.

The audience to which he made his brief address was a brilliant one. The galleries were banked to the doors and almost two-thirds of the members were in their seats on the floor. The Speaker's appreciative words to the members in thanking them for their co-operation during the session had touched a responsive chord and they gave him a remarkable demonstration of their friendship and good will. While the cheering and applause were still in progress the members on the floor began singing, "My Country 'Tis of Thee." It was taken up by the correspondents in the press gallery over the Speaker's chair and by the spectators in the surrounding galleries and soon the vast hall was ringing with the swelling chorus. Other patriotic airs followed as the members exchanged farewell, "The Star Spangled Banner" alternating with "Dixie." The Speaker came down from his rostrum, his appearance on the floor being greeted with "For He's a Jolly Good Fellow," amid a perfect rush of members to grasp his hand. Standing in the area in front of the clerk's desk, he, too, joined in the song and there was a wild scene when General Hooker, of Mississippi, the old one-armed Confederate veteran, took his place by the side of the Speaker and together they sang "Dixie."

Mr. Candler, a Mississippi Democrat, jumped upon a desk and let out a yell of jubilation that fairly shook the rafters. For almost half an hour the jubilation continued. All this time the spectators remained standing in the galleries watching the animated scene below and joining in the singing.

The adjournment came at the end of a seven and a half hour's session, during which much minor business was transacted. In all seventy bills and resolutions were passed. The general good feeling in the House had been heightened by the victory won over the Senate on the item incorporated in the Naval appropriation bill for the building of a battleship in a government yard.

The closing hour was occupied with a spirited debate between Mr. Cousins of Iowa, and Mr. Richardson, the Democratic leader, over the report on the investigation into the charges made by Captain Christmas concerning the sale of the Danish West Indies. Mr. Cousins ridiculed Mr. Richardson for bringing the matter to the attention of Congress. The latter defended his course.

"There is but one thing in connection with the whole matter," said Mr. Cousins, "that approaches the silliness and absurdity of the driveling diatribe and fictitious tale of Christmas, and that is the unparalleled and ludicrous performance of deliberately and solemnly spreading it upon the records of the American Congress, where it must remain throughout all history as a shameless challenge to the credibility of man."

Mr. Richardson said that when the secret report of Captain Christmas to the Danish government containing the statements as to the alleged bribery of members of Congress was called to his attention, he considered it worthy of investigation. He asserted that the proof was conclusive that Christmas was the agent of Denmark, and indeed of the American State Department.

"There is not one iota of proof in support of the latter statement," interposed Mr. Dalzell of Pennsylvania.

"I have the proof here," replied Mr. Richardson, who read the testimony concerning the letter of introduction to Secretary White at London, given to Christmas by Secretary Hay. Mr. Richardson denied that any member of Congress had been bribed. He had simply believed that the charges were worthy of investigation and to that belief he still adhered.

Mr. Dinsmore of Arkansas desired to repel the insinuation cast by Mr. Cousins upon Mr. Richardson for bringing the matter to the attention of Congress.

At 5:28 Mr. Payne and Mr. Cannon, of the committee to wait on the President, appeared, and Mr. Payne, upon behalf of that committee, reported that it had discharged its duty and that the President had replied that he had no further communication to make.

Then Speaker Henderson, after making a brief address, declared the House adjourned.

## KING EDWARD IMPROVING.

**Queen Alexandra Present at Review of Colonial Troops in London by the Prince of Wales.**

By Cable to the Morning Star.

LONDON, July 1.—The reappearance to-day of Queen Alexandra as a participant in a public ceremony practically marks the end of anxiety caused by King Edward's condition. Her presence at the review of the Colonial troops by the Prince of Wales greatly increased public enthusiasm over what in itself is a picturesque and interesting event. Upwards of 2,500 Colonials were brought in from the various encampments and marched through great crowds down Constitution Hill, which was lined with troops, past Buckingham Palace, which for a week has been the center of such supreme interest, and along the Mall to the Horse Guards Parade. The contingent present represented all parts of the British empire, with the exception of India, whose troops will be separately reviewed to-morrow. The Canadian detachment numbered 600 men and was by far the largest body on parade. The smallest detachment consisted of three natives of the island of St. Lucia. Borneo, Ceylon, Fiji, the West Indies generally, Cyprus, the Gold coast, Nigeria, Uganda, and other remote colonies were represented by native troops in clothing of striking variety, while from the fighting line in South Africa were details from the Canadian scouts, Kitchener's horse, and contingents from a number of local levies raised during the war.

The steady progress of King Edward is fully maintained, and his Majesty takes light nourishment with keen enjoyment. He is allowed a light cigar a day. He evinced the greatest interest in the arrangements for today's review of the colonial troops, and he was eager that the people should be in some way compensated for their disappointment because of the postponement of the coronation.

## FURNITURE MANUFACTURERS

**Meeting in Greensboro—Failure to Form a Trust—An Advance of Ten Per Cent. in Prices.**

By Telegraph to the Morning Star

CHARLOTTE, N. C., July 1.—A special to the *Observer* from Greensboro, N. C., says that thirty-five chair manufacturers and jobbers held a meeting there yesterday and until a late hour last night. In the party were representatives of the trade from Philadelphia, Chicago, St. Louis, Boston, New York, Baltimore, Richmond, Pittsburg, and other Northern cities, while Southern interests were represented by manufacturers from various North Carolina, South Carolina, Tennessee and Georgia factories. The leading spirit in the meeting was a prominent New York man who declares that the session was for the purpose of fixing a basis for mutual protection and not to form a combine. While nothing was given out as to the action taken, it is known that the action was harmonious throughout and an agreement as to future conduct was reached, which, it is said, will be of great benefit to the manufacturers and jobbers, without hurting the retail trade. At the same time it is not denied that an advance of ten per cent. in furniture will be made. This, however, was not a result of this conference. It seems that the backbone of the proposition to form a trust was broken by the failure of the High Point, North Carolina, manufacturers to enter the combine. It is hinted, however, that there is still a prospect that the pool will be arranged.

## OPPOSED ADJOURNMENT.

**Democrats in the House Wanted One Week to Consider Trust Legislation.**

By Telegraph to the Morning Star.

WASHINGTON, July 1.—The Ways and Means Committee of the House to-day ordered Chairman Payne to report the adjournment resolution for 5:30 P. M., although this was not done without a sharp political division. Representative Richardson, of Tennessee, the ranking Democrat, moved an amendment, allowing one week to consider trust legislation. This was defeated by a party vote, and by another party division the adjournment resolution was ordered reported. The resolution was adopted in the House—137 to 76. The Democrats voted solidly against it.

Minnesota Republicans, in State convention, re-nominated Samuel R. Vansant for Governor by acclamation.

## TROUBLE AT THE ANTHRACITE MINES

**Union Miner Shot Dead by One of the Coal and Iron Company's Policemen.**

**STOCKADE GUARDS FIRED ON.**

**Special Posse to Preserve Order Sworn In by Sheriff—A Thousand People Collected to Attack the Guards Last Night Were Held Back.**

By Telegraph to the Morning Star

WILKESBARRE, PA., July 1.—The first loss of life during the anthracite coal strike occurred to-day at the William A. colliery, at Duryea. Antonio Guisupe, an Italian, was shot dead by one of the coal and iron policemen from behind the stockade of the colliery. Reports differ as to the cause of the shooting. The friends of the dead man say he was walking on the road near the stockade when he was fired upon, and that the man was on his way back from Scranton to Duryea at the time. Another report is that the Italian tried to get over the fence and would not heed the warning from the policemen to go away; he insisted on making his way into the stockade and was fired upon.

There is much indignation over the shooting. The officials of the William A. colliery say some people on the outside of the stockade were engaged in firing at the guards all last night, and that several of the coal and iron policemen had narrow escapes from being shot.

The guard at the William A. colliery was doubled to-night and the sheriff swore in a special posse to preserve order. When darkness came about a thousand people collected in the vicinity of the mine and an attack would undoubtedly have been made on the guards had not the sheriff's posse kept the crowd in check.

When the coroner completes his investigation of the action of the policemen some of the deputies employed at the colliery may be placed under arrest.

**Arrests in Virginia.**

ROANOKE, VA., July 1.—A special from Bluefield, W. Va., to the *Times*, says:

"Eleven miners and agitators were arrested to-day at Simmons by Constable C. A. Bailey for intimidating miners desiring to work, and were lodged in the Bluefield jail this evening. One striker was arrested for attempting to shoot Jenkins Jones, a mine operator, in the back.

ROANOKE, VA., July 1.—The Norfolk and Western officials here stated to-day that from indications there is no strike, practically in their fields, as the miners are at work to-day. Many old men are going back daily, and new ones are being taken to the mines. It is believed that after the fourth of July all those who have left the fields will return and go to work.

## GREAT STRIKE THREATENED.

**Machinists and Boiler-makers on Railroads Entering Chicago Demand Higher Wages.**

By Telegraph to the Morning Star.

CHICAGO, July 1.—Transportation in the middle West may be seriously affected as the result of a series of strikes threatened by machinists and boiler-makers employed by every railroad entering Chicago from the West. The first of this series of strikes was called when 145 boilermakers employed by the Chicago and Northwestern railroad were called out. Before the week is over the machinists employed by the road may follow them. A strike of the one hundred machinists employed by the Baltimore and Ohio at Garrett, Ind., is in progress, as well as the strike of the boiler makers and machinist's of the Union.

The walk-outs are the result of the refusal on the part of the general managers of the railroads to comply with the demands of the machinists and boilermakers for increased wages. The demands have been presented to every Western railroad entering Chicago and to several of the Eastern roads. In case the railroads follow the example set by those already approached, the strike of the two trades will apparently assume national proportions.

## LONG ISLAND TRAGEDY.

**Louis Disbrow Arraigned for Murder of Foster and Miss Sarah Lawrence.**

By Telegraph to the Morning Star.

NEW YORK, July 1.—Louis Disbrow, who surrendered himself to the authorities of Riverhead, L. I., last night to answer charges growing out of the deaths of Clarence C. Foster and Miss Sarah Lawrence at Good Ground, L. I., was taken from the Riverhead jail to-day for arraignment at Southampton.

Disbrow was arraigned before Justice Foster in Southampton. The justice read the warrant which accuses Disbrow of the murder of Foster and Miss Lawrence. Disbrow's attorney entered a plea of not guilty and demanded an immediate hearing for his client. On motion of the district attorney, however, the hearing was set for to-morrow. Disbrow was then taken back to the Riverhead jail.

## WARM WIRELETS.

Teaffic managers of railways south or the Potomac and east of the Mississippi are in Asheville, N. C., for a four days convention. The regulation of freight rates is the principal subject under consideration, although changes may be made in trans-continental rates.

Chairman Cannon of the House Appropriations Committee presented a statement of the appropriations made at the present session of Congress, showing a total of $750,063,837, not including the large amounts that will be required for the isthmian canal and building and river and harbor contracts.

The President yesterday nominated Spencer B. Adams, of North Carolina, for chief judge, and Walter L. Weaver, of Ohio, and Henry S. Foote, of California, associate judges of the Choctaw and Chickasaw citizenship court. Also, Seymour W. Hancock to be postmaster at Newbern, N. C. These nominations were confirmed by the Senate.

Former Chief of Police James Childers was shot and instantly killed last night by William Myers, an employe of the Clarksburg, West Virginia fire department. Two other men had an altercation and Childers attempted to act the part of peace maker when Myers pulled a revolver and shot Childers in the abdomen.

## COTTON AND TOBACCO.

**Condition of Crops as Shown by Weather Bureau's Weekly Summary.**

By Telegraph to the Morning Star.

WASHINGTON, July 1.—The Weather Bureau's weekly summary of crop conditions says:

Cotton continues to suffer for rain in the south central portion of the cotton belt, and drought conditions have rapidly developed over the greater part of Georgia, where the crop is in less favorable condition than in the previous week. Over the northern portions of the central and eastern districts more favorable conditions exist, although lice are extensively reported throughout the central and eastern portions. The feature of the week was the abundant rainfall over the greater part of the drought region of Texas, in which the condition of cotton has been greatly improved. Drought, however, continues in extreme northwestern and southwestern Texas.

The weather conditions of the week have been generally favorable for the tobacco crop, which, however, has not made rapid growth in the middle Atlantic States as a result of low temperatures.

## TRANSFERS OF REAL ESTATE.

**Deeds Filed for Official Record Yesterday at the Court House.**

The following real estate transfers were filled yesterday:

W. M. Cumming and wife to Robert S. Jirvay, of Elbow, Columbus county, for $75 lot on north side of Dawson between Eleventh and Twelfth street, 66x100 feet in size.

S. W. Noble and wife to D. N. Chadwick, tract of land beginning at W. H. Mills' southwest corner in Harnet township containing 20 acres; consideration $1000 and other stipulations.

The general rain which visited Texas last week came too late to save the corn crop, but in some sections farmers are replanting. Cotton was not damaged much by the severe drought and a good crop is expected.

According to the report of President Flynn, of the United Mine Workers, about 11,000 coal miners in the Birmingham, Ala., district have obeyed the strike order which went into effect Monday night.
